

LEG SHATTERED IN HEAD-ON CRASH

See PHOTO P. 2

A two vehicle head-on collision in the Port Hope area sent five persons to hospital last week including the driver of one of the cars, Richard Kinsman Jr. of RR 2 Minden whose leg was shattered in the crash.

The son of Stanhope Fire Chief Richard Kinsman, the 22 year-old college student is in satisfactory condition in St. Joseph's Hospital, Peterborough where he is recovering from emergency repair surgery to the badly shattered left leg. Kinsman also suffered contusions and lacerations to his left hand and face.

A passenger in the Kinsman vehicle, Judy Cann, 18 of Hamilton Township is in critical condition in Toronto General Hospital with multiple lacerations and head injuries while the driver of the second vehicle Anthony Farrow, 21 of Port Hope, is also in critical condition in Toronto General Hospital with multiple fractures and internal injuries.

William Learmouth, of Colborne and Debbie Tinnie 18, of RR 2 Campbellford, both passengers in the Kinsman vehicle, are reported in stable condition in Cobourg District Hospital with lacerations, abrasions and facial and chest injuries.

Kinsman and his three companions were out for a drive on Highway No. 2 late last Wednesday afternoon when the accident occurred, just 2 miles east of Port Hope.

According to Ontario Provincial Police, at Cobourg the eastbound Kinsman car had pulled out to pass another eastbound vehicle when it smashed head-on into Farrow's oncoming car.

Both cars were completely destroyed.

Pitching In

It seems that everyone is pitching in to help Wilberforce build its much-needed new arena. Above, Monmouth Reeve Gary

Agnew is seen accepting a donation to the arena fund from a longtime resident of Wilberforce, Mrs.

Frank (Clara) Schofield. Just 92 years young, Mrs. Schofield has lived in Wilberforce for the last 65

years and in fact, it was her husband who donated the land that the present arena stands on. Over

\$10,000 has been collected so far of the \$55,000 that must be found for the new arena.

To upgrade Devils Lake dam

In an effort to alleviate the Spring flood problem at Devils Lake (Lutterworth Lake) a group of experts unanimously decided a week ago last Wednesday to extend the south side of the Devil's Lake dam, install a water level valve and add another large culvert in the vicinity of the dam.

Two roads in the immediate area were severely damaged by floods this Spring when upstream beaver dams collapsed and the resulting surge of water overflowed the Devil's Lake dam and washed out parts of adjacent county and municipal roads. Cost of repairs has been estimated in excess of \$20,000.

Attending at the dam-site meeting were Lutterworth representatives Reeve Pat Conaghan, Councillor Glynne Lewis and Road Superintendent

Floyd Miller, Haliburton County Engineer Bill Obee and a team of Natural Resources personnel headed by Minden District Manager Don White.

Maple Sugar Festival this Saturday

See SUGAR P. 9

The production of maple sugar and maple syrup will be demonstrated in Wilberforce this Saturday, April 9th. and the process it's hoped to raise funds toward the construction of a new community Arena for the village.

Men will be available to explain maple sugar operations in a sugar shack built in the park beside the Lloyd Watson Memorial Centre.

Then, too, pancakes and sausages will be served from 9a.m. to 3p.m. in the

SPORTS FLASH

Minden Atoms are CHAMPS

Minden's Atoms, sponsored by Minden Red and White and Yake Electric, defeated Fenelon Falls 4-2 Tuesday night to win Minden's first Ontario Minor Centre.....all you can eat for \$2.50.

Of course, maple syrup will be available for sale along with old-fashioned maple sugar candy.

Weather permitting, a sugar bush tour can also be arranged for interested visitors.

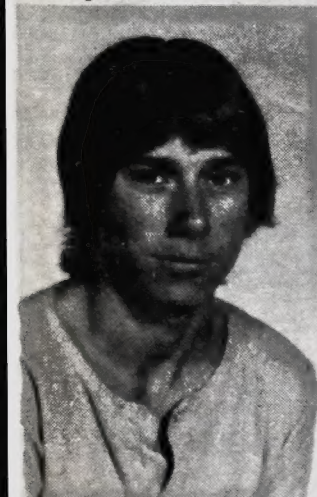

An, itegral part of the

Hockey Association championship.

This victory, at home, gave the Atoms the best of five series, three games to two, and qualifies them as the central zone All-Ontario champs.

Scotty Yake led the Minden attack with two big goals while Jeff (Boomer) Stamp notched a single marker and Scotty Hamilton fired the game-winning goal.

Congratulations to Coach Gary Warburton and his charges in achieving this difficult but most rewarding accomplishment.

Eldest of three children of Stanhope Fire Chief Dick Kinsman and his wife Dorothy, Dick Jr. is studying civil engineering at the Peterborough campus of Sir Sandford Fleming College.

The Chamber

with
bob stinson

Office
286-1760
Res.
457-1110

Secretary-Manager

FROM THE CHAMBER WITH BOB STINSON

According to the recent report in the Haliburton Echo our area is not in the immediate danger of losing our G-65, or "You are now entering" signs. This information has not been communicated directly to the Chamber but a Ministry employee did make the similar statement in Peterborough during the Tourism Seminar the same day the paper was released. If this report is true, and we have no reason to believe it is not, then you may take two points of view. You could say "What is all the fuss about?" or you could say "Because we caused a fuss we have won a confession." We don't feel the battle is really over but we have certainly won a stay of execution. By saying the signs will come down when they become unsightly, only allows us to relax to the point that we realize that we still have some time in order to make our case known. Out of over 60 replies to our last Chamber questionnaire only 2 respondents said they were not concerned with this issue.

In our preoccupation last week with telling you about the Sportsman Show we forgot to mention that our new Haliburton Directory was hot off the press just in time for the show. The new directory sports a new colorful folder featuring a Haliburton sunset. The interior of the booklet is similar to last years but is up to date listing well over 300 current Chamber of Commerce members. We are presently busy distributing them both inside and outside the County and should you wish to look one over you should be able to pick it up at your local store, restaurant, etc. shortly. We are also making the final arrangements to have a Haliburton area map printed, which will be available for free distribution for the summer. This was the item most frequently asked for by tourists at our office last year.

Members of Haliburton Rotary, Minden Kinsmen and the Chamber of Commerce held a small meeting last week to discuss the possibilities of a County wide Winter Carnival. These groups met initially because they are the ones currently involved in running winter carnivals. It was decided at this meeting that no further move would be made at this time to undertake a County wide Winter Carnival that has been suggested by the Chamber. Instead it was suggested that the Chamber undertake a promotional programme of four to six weeks winter activities in the County. This would mean that the Chamber would promote whatever is taking place on winter weekends over a specific period of time and put it in one package. With good co-operation from groups throughout the County who wish to run winter events possibly we can still attain some of the benefits that we had hoped to attain through the operation of a County wide Winter Carnival. It will certainly require a high degree of long ranged advanced planning by all groups concerned.

CATHOLIC CHURCH

HOLY WEEK AND EASTER

HOLY THURSDAY 5:00 pm Mass of the Last Supper
GOOD FRIDAY 11:00 am The Way of the Cross
EASTER SUNDAY 12:15 pm Mass of the Resurrection

Jayne Northgrave, at the Canada Manpower Outreach Office in Haliburton tells us they have been very busy and they do currently have openings for both summer and year round employment available. Students are urged to register at the Manpower Office for summer employment as there will be a considerable number of openings forthcoming through the Canada works program that are now being approved. Since no advertising budget was allowed in the operational expenses of the Canada Manpower Office here we are certainly indebted to the Minden Progress for their public service ad that they are currently carrying each week showing jobs available. Jayne also tells us that she has been working closely with Bud Beach who comes to our area from Welland and has just opened Harcourt Wood Products in the Wilberforce area. They are currently employing eight to ten people and expect to employ approximately 30 within two years. A very welcome new industry which we certainly hope prospers here in Haliburton.

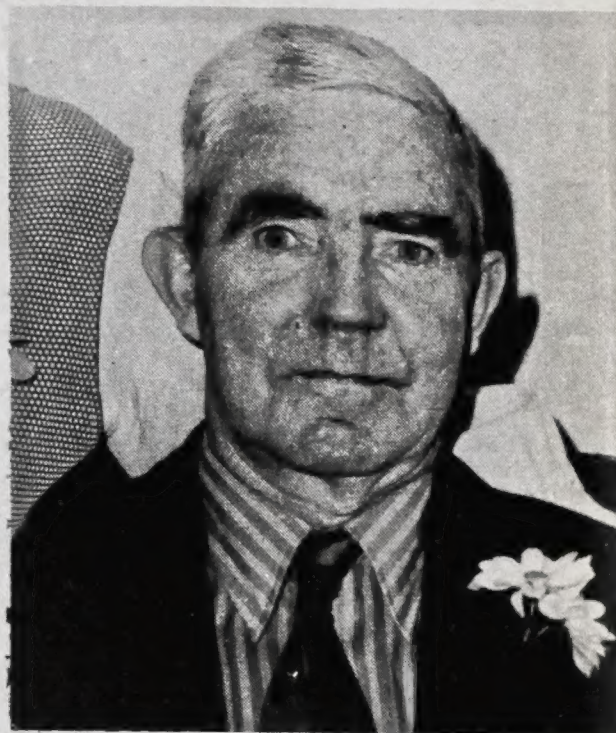

They're at it again over in Wilberforce. They just run one successful event after another, their fund for the new arena is climbing in leaps and bounds. This Saturday, April 9th will be the first annual Maple Syrup Festival in Wilberforce with Maple Syrup Demonstrations from 9 till 3 in the afternoon, a Sugar Bush Tour, Pancakes and Sausages, Maple Syrup and Maple Sugar Candy all for sale. A Flea Market will also be held, with local handcrafts, gifts and bake sale. All this will be topped off with a big Festival Dance in the Lloyd Watson Memorial Hall in the evening. Don't miss it, we can guarantee you'll have fun and you'll help a worthy cause.

Congratulations to the Teljeurs' of Deer Lodge who just brought home a new baby from the hospital. After two boys, they waited 11 years to make sure they got it right the third time. They got it right, this time it's a girl.

COMING EVENTS

- April 9 - Maple Syrup Festival and Flea Market in Wilberforce
- April 16 - Haliburton Curling Club Banquet, Haliburton Legion, Dinner and Dancing, \$15 per couple
- April 23 - Fund raising Dance by the County Fair. Round and Square dancing by the Misty River Ramblers. Bar and Lunch - \$6.00 per couple.

Dies suddenly

JOHN HEWITT

Well-known Minden resident, John James Hewitt, died suddenly at his home last Monday. He was in his 70th year.

Born and raised in Stanhope Township, Mr. Hewitt moved to Minden in 1923.

For many years Mr. Hewitt was a general merchant at Buttermilk Falls. However, in 1937 he joined the then Department of Lands and Forests, retiring in 1960 following a crippling motor accident.

Married in 1935, Mr. Hewitt and his wife, Cora, would have celebrated their 42nd wedding anniversary later this month. Besides his wife, Mr. Hewitt is survived by a son, Lewis, of Kanata, a daughter, Eleanor (Mrs. T. Frank Addison) of Willowdale and six granddaughters.

Kinsman collision scene

Skating Carnival delights Minden crowd

PHOTO AND STORY
BY JUNE HOLLAND

Minden Figure Skating Club presented their annual Skating Concert last Sunday with this year's theme "Easter in the Park". All figure skating members took part in this well-organized and most entertaining program. Some 300 persons attended. To add to our own clubs performance were special guests from the Peterborough Figure Skating Club, including Miss Cindy Mein, holding her Gold Figure and Sandra and Susan Boyce. Another special attraction was a number preformed by local skating enthusiasts Mr. & Mrs. Lorne Coburn, Mr. & Mrs. Dick Kirkwood and Mr. & Mrs. Clarence Bunker. The juniors skated to "Baby Face" dressed in Bunny Costumes. The intermediate skated to "Rain Drops Keep Falling on My Head", all carrying umbrellas of course. The Seniors

skated to "Boogie-Woogie Bugle Boy". A lot of hard work goes into these concerts, plus months of preparation, and the mothers of these children should be congratulated for their highly successful achievements. A tip of the hat to Miss Kelly Beeney who, through her teaching ability has provided us with some very fine skaters.

Photos (clockwise starting lower right): Minden Figure Skating Club chairman Denise Buchanan presents a spray of carnations to the club's pro-teacher Kelly Beeney at conclusion of carnival; Peterborough Skating Club guests performers Sandra and Susan Boyce (left) and Cindy Mein; the laugh-a-minute clown "Fat-Lips"; rhythm skaters Mr. and Mrs. Clarence Bunker; the club's Intermediate skaters; and the club's Junior skaters.

Make Sure

The ice in our Haliburton Highlands lakes has once again reached that seasonal and treacherous honeycombed stage as it slowly gives way to the somewhat warmer temperatures of Spring.

Although still quite thick for the most part, it has little or no strength and can crumble into slush without warning.

While most adults are aware of just how dangerous this ice can be, many youngsters are not.

Now is the time to make sure your children stay off lake ice.

Let's avoid heart-breaking tragedy this Spring.

A Great Time

Nowhere will you find a greater community spirit nor finer, more warm-hearted hospitality than amongst the good burgers of Monmouth Township and that focus of all its activity: Wilberforce.

And, this weekend, Saturday in particular, will be no exception as the community stages its Wilberforce Maple Syrup Festival.

Aim is to extensively augment the Wilberforce 'Save The Arena Fund'.

Begun last Fall, the fund has already reached the \$10,000 mark with a goal of some \$55,000 in all.

Certainly, a visit to Wilberforce this Saturday will assist a worthy cause.

It also promises a great time.

Report from Parliament

by

William Scott M.P.

The federal budget tabled in Parliament last Thursday was a great disappointment, in that it does not even come close to dealing with any of the serious economic problems that we have been burdened with for so many years.

We in the Official Opposition have been asking for a budget that would come to grips with unemployment, and one that would stimulate the national economy. Last week's budget does not accomplish either one of those objectives.

There are presently 933,000 unemployed people in Canada, and that is only the number who still register in manpower offices. The actual figure is probably over one million.

The government's answer is to add one hundred million dollars to the Canada Works and Young Canada Works programs. These programs are similar to LIP, providing low-paying, short-term jobs, after which those people will be back on the unemployment rolls. The total budget for these two programs in the coming year is now 458 million dollars.

Finance Minister Macdonald said that these programs will provide 150,000 jobs in the coming year, but what he does not say is that there will be 225,000 more people coming into the work force, added to those already unemployed. Obviously, the government's make-work programs fall far short of what is needed.

We had asked for tax cuts across the board, and we wanted to know how the government was going to deal with the Anti-Inflation Program. All we learned was that it will be with us at least until next October.

Because of the wording in some of the items in the budget we won't know exactly how they will work until the

actual legislation is tabled later on, but we do know that there are not going to be any significant tax cuts.

Canadian families in the lower-income bracket will get some tax relief in the form of tax credits for children. The credit will be \$50.00 for each dependent child 18 years old or less, up to a maximum of \$500.00. This means that a family of four, with an annual income of not more than \$7,350, will not have to pay any taxes.

The allowance for business expenses, tools, meals, etc., presently fixed at \$150.00 a year will be raised to \$250.00 effective for the 1977 taxation year.

Another item of interest is the provision whereby proceeds from the sale of a farm or business will not be subject to the capital gains tax if the proceeds are reinvested in a farm or other type of business. However, this does not take effect until after January 1st, 1978.

I had hoped to see more provision in the budget to give direct assistance to the small businessman. More than half of the labour force in Canada is hired by small businesses and I believe that more incentives are essential in this area. In our part of Ontario, for example, the DREE Program is not even applicable.

For some time I have been protesting the fact that it is difficult and often impossible for small businessmen to secure a small business loan at preferred rates. Although the Government has recently created a Ministry of State for Small Business, specific programs and incentives which will also apply to the service industry are needed. I feel that more attention should have been given to this new Ministry and the needs of the small business community. Hopefully, specific legislation will soon be forthcoming which will fill these needs.

Report from Queen's Park

by

John Eakins, M.P.P.

On March 29th, the 4th Session of the Thirtieth Provincial Parliament opened with traditional pomp and ceremony, and the Honourable Pauline McGibbon, Lieutenant Governor of Ontario, read a thirty page Throne Speech which incorporated a response to almost every issue raised since the last election by Opposition Parties, and maintained that "with dependable legislative co-operation" the Government's program can be achieved by the end of the present year.

Highlights of the Throne Speech include the following. Ontario will complement federal actions intended to create employment, and develop a fiscal policy to stimulate the economy and expand the Province's work force. Government funds will be used to provide incentives to create jobs for young people in programs involving services to senior citizens.

Rent controls, due to expire in July, will be extended until the end of next year. Working in close co-operation with federal and municipal governments, the government apparently intends to increase the amount of rental housing for senior citizens and families of low income. A series of legislative measures are also promised to improve and secure the rights of condominium owners, both as purchasers and as residents.

The government plans to place all new drivers on probation, probably for two years, during which time they would lose driving privileges if they accumulated demerit points for certain traffic offences.

More money is to be given to school boards for French instruction in elementary schools, and more resources are to be made available to teach English to children of recent immigrants and create a heritage language program in schools to help ethnic groups retain a knowledge of their mother tongues and cultures.

An advisory committee on small business is to be formed making consulting help available to small business through universities and making lower interest rates and larger loans available through the Ontario Development Corporation.

A Commission of Inquiry is to be created to examine freedom-of-information laws to ascertain where secrecy should be lifted on Government files and where limits should be placed on a Government's right to pry into an individual's privacy and store information in computers.

A Royal Commission is to be appointed to probe the administration of pension plans throughout Ontario to ensure that contributors receive fair benefits and protection.

The Workmen's Compensation Board is to be reviewed and benefits adjusted for injured workers to cover in-

flation. Province-wide single-trade bargaining for parts of the construction industry would reduce contracts from about 200 to 20.

Some Government operations are to be relocated in the area east of Metro Toronto. This relocation, first promised a year ago, will hopefully encourage other development to move east rather than locate in Metro.

Greater efforts are to be made to reforest Crown land to create jobs and improve the economy of Northern Ontario. An inventory is to be conducted of abandoned mines which could be a source of water and air contamination, and provincial funds are to be used where necessary to clean up these sources of pollution.

More money is to be allocated for sewage treatment works in small communities in eastern and northern Ontario and create a central monitoring unit for research and control of dangerous chemicals, such as mercury and lead.

The Provincial Auditor is to be given more staff to assist in the annual review of government spending, and procedures are to be established to deal with complaints against members of police forces throughout the province and to set up a code of behaviour for police.

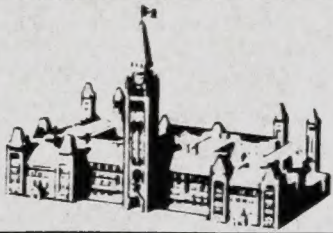

A province-wide physical fitness program, using Wintario money, is to be introduced. The object is to promote various community athletic programs, partly with an eye to reducing hospital costs.

All in all, the Throne Speech is a very positive document. Our main concern is for the welfare of the people of Ontario, and if the government's proposals are feasible and financially practical, no-one will be more pleased than the Members of the Legislature, whatever their political affiliations. However, we shall be very interested to hear the specific details, and no doubt these will be made available to us in the weeks ahead.

One measure announced in the Throne Speech was the "effective co-ordination" of provincial services for children with special needs, and the formation of a single, integrated organization in the Ministry of Community and Social Services. Liberal M.P.P. Margaret Campbell has called for "all embracing" reform of provincial legislation covering the care of disturbed children, because the present legislation shares the responsibility between the health ministry and the ministry of community and social service. Mrs. Campbell called a press conference to present a Liberal policy paper, several months in preparation, calling for services to be pulled together under an umbrella division and for standards, licensing and funding to be made uniform.

See you next week.

Hunger Pains

by JIM SMITH

It isn't pleasant but it is fact: sometimes it's impossible not to feel at least a twinge of guilt. Millions of people in the Third World nations are starving and when was the last time we missed a meal? Or a snack?

Our over-fed well-being in the midst of extensively documented global hunger results in some strange quirks of conscience. For example, looking at our agriculture industry, we tend to think that perhaps it's up to us to feed the world.

The real truth is that we can't feed the rest of the world — because we can't even feed ourselves. Amazingly, Canada is a net importer of food. Even more surprising, much of the food on our tables comes from the very countries that have widespread starvation.

We take pride in our high yield from agricultural land. What we tend to overlook is the staggeringly high cost of this productivity. To get the high output, we dump ton after ton of fertilizer onto the soil... fertilizers made from increasingly rare and precious petroleum. And we also need energy to run the farm machinery and produce herbicides, fungicides, and all the other "ides" that ensure our food will be free from unappealing spots. The cost in energy terms is much higher than we realize.

An estimate by Dr. Ernst

Schumacher, a British fuel economist, says that Canadian-style farm techniques, if they were employed by the entire world, would exhaust the world's petroleum supplies within 30 years. We simply can't afford to use every last drop of oil for farming.

However, as the Canadian Federation of Independent Business points out, hunger exists in the Third World because so much land — the best land — is devoted to non-nutritious agricultural products for export to Europe and North America. Millions of South Americans and Asians are hungry because North Americans demand coffee, tea, sugar, and cocoa.

World hunger comes down to one simple fact: a handful of multinational corporations control the agriculture in the developing nations and use that land to produce luxuries for the wealthy nations. Given the opportunity to work with sufficient land for their own purposes, the natives of the "hungry nations" could apply appropriate small-scale technology to growing their own needs. Within a short time, these countries could become agriculturally self-sufficient.

Sound distant? Well, look at it this way. If regions like Atlantic Canada also undertook small-scale agriculture, they could easily meet their own food needs. Before long, Canada would be as self-sufficient in food as we have always believed ourselves to be.

County Library
system adds
video tape
facilities

CHIEF LIBRARIAN STANLEY MCDUGALL
WITH VIDEOTAPE MONITOR

A burgeoning Haliburton County Public Library System now boasts, in addition to its large supply of books and magazines, extensive audio-visual facilities including video tape monitors and video tapes.

This new video equipment, which arrived in Haliburton in January, is available to any organization or school.

However, according to Chief Librarian, Stanley McDougall, no one in the County has yet taken advantage of this new facility which has proven invaluable elsewhere in teaching and in aiding lecturers. As well as these modern

audio-visual facilities the ten branches of the County-wide public library system offers 16 mm films, talking books for those who are blind, and large print books for the handicapped. Now in just its eleventh year of operation, the Haliburton County library system now sports over 70,000 books available to the County's more than 10,000 residents.

Some librarians report, though, that the odd person still thinks there is a charge for borrowing books. This is not the case. The loan of books from your local library is provided free of charge.

The County library system also arranges art shows and exhibits, puppet shows, theatre groups and mimists. Within the County borders the Haliburton County Public Library System offers ten library outlets supervised by ten librarians, as follows: Dysart, Victoria Ross; Minden Jeanne Sears; Stanhope, Isabelle Gibbs; Snowdon, Marjorie Brown; Dorset Jean Greenaway; Cardiff, Sherle Charbonneau; Lutterworth, Vera Hoare; Glamorgan, Margaret Pickens; Monmouth, Bessie Croft and Highland Grove, Beverly Elliott.

but benefits galore. Thousands of new jobs and most of the money out of circulation. That would solve practically overnight our inflation and unemployment problem.

Just imagine the boom for our news media — almost unlimited supply of heart-breaking stories. And many many others.

However, to pacify the bleeding hearts we should give everybody the right to Nominate three exemptions. Here is my suggestion: Earl Palmer, Don Finn and my favourite bureaucrat Richard Parisotto.

S. Weiss.
Minden.

Area Livestock
Market Report

BEEF COWS: A good supply of beef cows were on hand for the special Beef Cow Sale in the afternoon. Good Hereford Cows sold from \$325 to \$420. Angus, crossbred and heifers sold from \$250 to \$325. Our next Beef Cow Sale will be Wednesday afternoon, April 20 at 1:00 P.M. in conjunction with a Dairy Springer Sale.

DAIRY COWS: selling from \$400 to \$520 at the sale Wednesday night. First calf heifers from \$400 to \$450. Our next monthly dairy sale will be Wednesday afternoon April 20 at 1:00 p.m. in conjunction with a beef springer sale.

VEAL A strong veal market with one calf selling for 78 cents a pound. Good veal from 50 to 70 cents. Medium veal from 35 to 50 cents a lb.

STOCKERS & FEEDERS Good stockers steer calves from 39 to 43 cents. Med. stockers from 36 to 39 cents a lb. Heifers sold from 35 to 39 cents. a pound. Short keep steers from 36 to 39 cents. Buyer demand for the stockers and feeders at the Wednesday night sales are strong and we urge producers to consider selling more cattle at this sale.

FAT STEERS & HEIFERS: Fat cattle were on short supply mostly heifers selling from 33 to 37 cents a lb. Many customers from nearby City of Peterborough often require good killing heifers and steers.

BUTCHER COWS Selling on a strong market with good cows from 26 to 28 cents a lb. with sales to 29 cents. Medium cows from 24 to 26 cents per lb.

BOB CALVES Good beef cross calves from 35 to 60 dollars, with sales to \$68. Dairy calves from \$25 to \$35. Plain calves from \$5 to \$20.

PIGS Weaner and feeder pigs from \$25 to \$40, with sales to \$52. Sows from \$165 to \$210. Hogs for \$65 to \$75.

ANTIQUE SALE - April 9

HEREFORD BREEDER SALE - April 16

BEEF COW SALE - April 20

LETTERS

April 4, 1977.

Mr. Bill Foote
Editor
Minden, Progress

Dear Bill:

Here are just a few comments to Richard Parisotto's letter to Mr. Davis.

How daring, how true. With one stroke of pen Richard exposes the roots of all our evils.

Politicians, Bureaucrats and Lawyers - poor Lawyers but then who cares most of them are politicians anyway. Richard omitted to Add: politicians on all levels, but I am certain he intended to include

everybody. I, for my part would like to add Big Labour and Big Business. I am certain your readers would like to add some others.

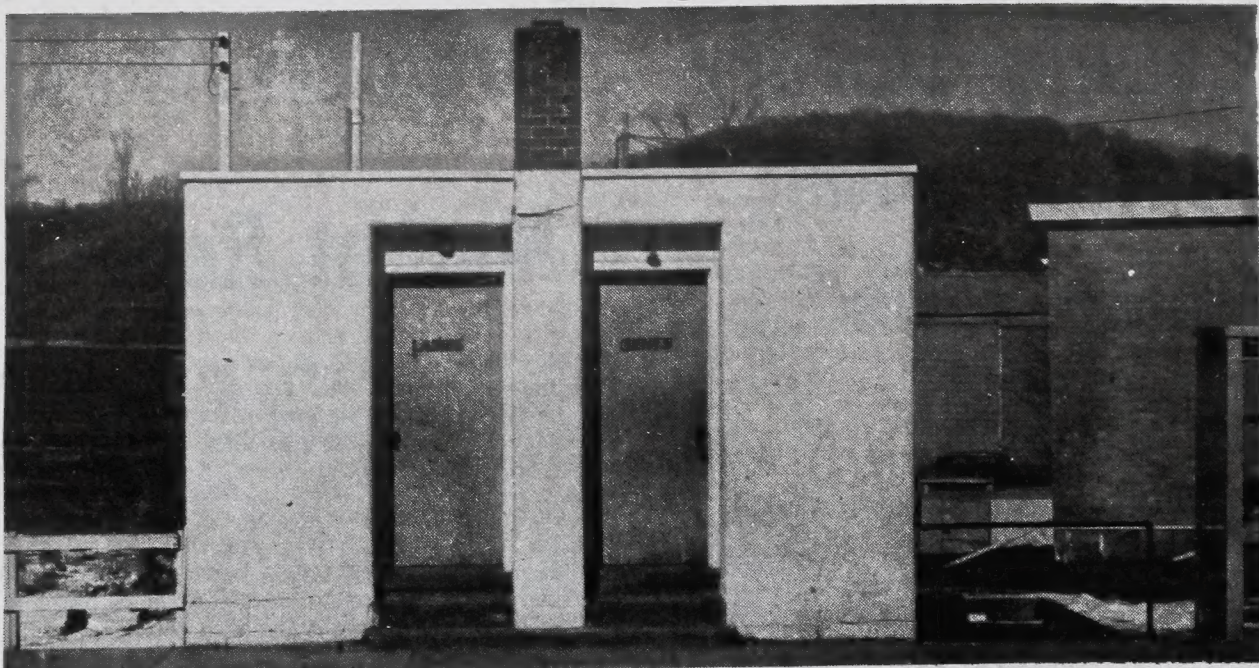

If you agree with Richards statement the next logical question would be: How to dispose of them?

Jail them? That would be impractical besets the life in jail is getting to be too good for this bunch. Use the shotgun, as our good Reeve suggested a few years ago? What a messy affair.

Did someone mention concentration camp? I would not agree to that.

However, thinking along this line I see nothing

Going!

When the new Public Washrooms are opened for use at the new Fire Hall in Minden, old public washrooms shown above on Main Street across from the Rockcliffe Hotel will be disposed of by tender. Built in 1954, four years before the new Bank of Commerce building was built, these washrooms have served the Minden residents and tourists ever since.

Stop taxing candy, Eakins urges Queens Park

The first full day of the Fourth Session of the Thirtieth Parliament, saw John Eaking, M.P.P. (Victoria-Haliburton) urged support for the removal of the tax on confectionery, particularly the additional two cents on twenty-five cent chocolate bars.

Mr. Eakins presented the Provincial Treasurer, Darcy McKeough, with a 1,500 name petition, representing proprietors, and their clientel, of small retail outlets in Victoria and Haliburton Counties, and northern communities of the Durham Region.

He said, "The owners of retail outlets feel that confectionery items should be exempt from sales tax on the same basis as other snack items, such as potato chips, peanuts, etc."

"In 1973 the federal government recognized the justice of this position and exempted confectionery from federal sales tax. The governments of British Columbia, Saskatchewan and Manitoba, also exempt confectionery from their provincial sales tax. In Quebec the exemption is already about .25 cents so the Quebec consumer

does not have to pay provincial sales tax on individual chocolate bars. "Since many of the smaller stores depend on the sale of chocolate bars,

and it is a very important part of their business, it is time that the Treasurer took a look at the feasibility of the removal of this tax." Mr. Eakins said.

RADIO EMERGENCY ASSOCIATED CITIZEN'S TEAMS

For a long time people have been looking for new ways to talk with strangers and meet people, and the General Radio Service Band is it. Limited for years to a small universe of amateur radio buffs and over-the-road truckdrivers, C.B. has suddenly, if not alarmingly, taken on the proportions of a full-fledged cultural phenomenon. Everybody is sprouting "ears"; motorists, police, firemen, hunters, boaters, campers, construction workers, doctors, housewives, and just plain C.B. nuts.

The SAFETY 99 Kevlar-Belted is our best radial. With computer-designed, high-traction tread that gives superior grip on wet and dry roads. Features 2 belts of Kevlar atop 2 plies of DuPont 66 Nylon. Kevlar produces amazing mileage without the low-speed harshness of steel belts; 66 Nylon reinforces with that 'peace-of-mind' tenacity for which it is noted. And the usual flat-spotting goes undetected in this radial construction.

Safety 99 Multi-Cord 2+2+2 Belted Tires
The best of our bias-belted tires with 2 DuPont 66 Nylon body plies, 2 PolyEster plies and 2 Kevlar belts. 66 Nylon reinforces with that 'peace-of-mind' tenacity for which it is noted; PolyEster provides a cushioned ride; and Kevlar produces amazing mileage without the low-speed harshness of steel belts. An unbeatable tire structure for strength, wear, ride and value.

Safety 99 Long-Cord Wide Tracks provide performance close to that of belted tires. This is achieved by angling the DuPont 66 Nylon body cords at 30° for stress balance — compared to the 36° cord angle of most bias-ply passenger tires. The result is a bias-ply tire that captures most of the ride, steering, braking and durability features of belted tires at low cost.

Kin Korner

Minden Kinsmen's Don Crowe elected Deputy Governor, Zone C

by Lewis Stevens

Someone to 'crowe' about was the theme that the Minden Kinsmen, Kin wives and Kinettes, took with them to Peterborough this past weekend, April 1 and 2.

The occasion was the annual Zone Spring Interclub, involving all the Kinsmen and Kinette Clubs in Zone C, which is comprised of 12 clubs, stretching from Brighton on the lake to Bancroft-Cardiff, South Algonquin, and Haliburton, from the northern part of our County.

This Interclub, called 'Spring Thaw' was hosted by the Lindsay Kinsmen and the Colborne Kinettes, with the convention taking place at the Rockhaven Motel Complex in Peterborough.

Many outstanding items of business relating to both Kinsmen and Kinettes are finalized at this convention, but the main item of business is the election of the Deputy Governor for the Zone for the incoming Kin Year.

Friday night was a night of activity, both hospitality rooms of the Deputy Governor candidates, Kin George Lawrence from Co-

bourg and Kin Don Crowe from Minden, being filled to capacity with songs, refreshments, and fellowship, which put everyone in the right mood for a super time at the 'April Fools Dance', which finally wound up in the wee hours of Saturday morning.

Saturday was the day of business, and the current Deputy Governor, Kin Bruce Glass from Lindsay, started the business off early as a long agenda had to be covered. All the Club Presidents gave their reports on the status of their club during this meeting, as well as the processing of administrative changes and amends to Zone By-laws. The most serious business is left to the last, that is, the presentations by the Deputy Governor Candidates, and then the secret ballot voting, which is done by the 12 club presidents, on behalf of their membership. Our candidate, Don Crowe from Kawartha Dairy, handled himself in the true fashion of a community-minded individual, dedicated to the service of others. The outcome

DON CROWE

was very gratifying to the Minden Club in particular, and the Zone in general, as we definitely did have someone to 'Crowe' about! Don was elected our Deputy Governor for the 1977-78 Kin Year.

We most certainly had reasons to celebrate at the Deputy Governor's Ball, hosted by Deputy Governor Bruce Glass, Saturday night, once again at the Rockhaven Complex. In our over twenty years of Minden's involvement in Kinsmanship, this will be our second Deputy Governor, the first one being Past Deputy Lyle McKnight in the mid-sixties.

The best wishes of the Minden Club, as well as

Disability Resource Centre opens

A new office has opened this past week in Peterborough whose aim it is to work on behalf of people with physical disabilities.

The Disability Resource Centre is sponsored by the Rainbow Club for Physically Disabled Adults. The office will be located at St. Joseph's General Hospital in Peterborough. Office hours are weekdays from 9:15 a.m. to 4:45 p.m. for anyone wishing to take advantage of this most worthwhile organization.

For more information on this Centre, you can contact Miss Loretta Meagher, Director of the Disability Resource Centre at 745-0043.

the best wishes of all the Zone Clubs, and communities involved, are extended to Kin Don Crowe, as he embarks on his heavy schedule of administration for the betterment of Kinsmen/Kinettes, and the communities that they serve.

A fine honor to a fine Kinsmen, our Deputy Governor, Don Crowe.

TENDERS

Tenders are invited for the rental of:

- 9 - ½ ton vehicles for a 3 to 5 month period.
- 1 - 12 passenger van or bus for a 3 month period.
- 2 - 9 passenger van or buses for a period up to 4 months.

These vehicles to be driven by Ministry personnel.

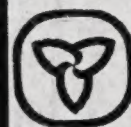

Interested parties may obtain tenders at the Ministry of Natural Resources District Office at Minden, Ontario.

Public opening of tenders will be held at Minden District Office, Ministry of Natural Resources, April 21, 1977 at 1:30p.m.

Closing Date: April 20, 1977

Starting Date: approximately mid - April to mid - June.

Lowest or any tender not necessarily accepted.

Spring Salads

Here are two special salads designed to please the palate now and then later in the season when the temperature starts to rise.

In the first recipe, the potatoes are cooked in bouillon which gives them interesting flavor. The pimientos, add attractive color while the mustard and horseradish lend a zing that makes this potato salad a year-round favorite. Serve it with our Soused Salmon or take it to your next picnic or barbecue.

The name "soused" may not appeal to you until you know it is a term applied to the cooking of food, especially fish, in a pickling type mixture of vinegar and spices. The Mixed Pickling Spice used, as the name suggests, is a blend of whole and broken pieces of spices. The blend usually consists of mustard seed, dill seed, cloves, tumeric, coriander, black

pepper, bay leaves, ginger, chillies, fennel seed and fenugreek. Tied in a cheesecloth bag mixed pickling spice adds appetizing flavor to meat marinades, spaghetti sauces and simmered shrimp.

Pimiento Potato Salad (6 to 8 servings)

6 medium size potatoes
10 oz. can bouillon or consommé
8 slices side bacon, cooked and crumbled
1/2 cup chopped green onions
1 cup thinly sliced celery
1/4 cup chopped parsley
4 oz. jar pimientos, chopped

1/2 teaspoon seasoned salt
1 cup mayonnaise
1/2 cup French dressing
2 tablespoons horseradish
2 tablespoons prepared mustard
1/4 cup pickled relish

Peel potatoes. Simmer in mixed bouillon and water to cover. Drain and cube. Add bacon, onions, celery, parsley and pimientos. Heat remaining ingredients and pour over potatoes. Serve warm or chilled with Ham Roll-Ups.

Ham Roll-Ups

Blend 4 ozs. cream cheese with 1 tablespoon minced chives, 1 minced pimiento, dash of cayenne pepper, pinch of celery salt and 1/4 cup dairy sour cream or enough table cream to moisten. Spread on 8 thin slices of cooked ham. Roll and chill.

Soused Salmon (4 to 6 servings)

2 lbs. dressed salmon or lake trout
3/4 cup vinegar
3/4 cup water
1 tablespoon salt
1 tablespoon mixed pickling spice
1 small onion sliced or
1 tablespoon dried onion

Sour Cream Dressing

Remove all skin and bone from fish. Cut into serving size pieces. Arrange in single layer in shallow baking dish. Combine vinegar, water, salt, mixed pickling spice and onion. Pour over fish. Cover and bake in a moderate oven of 350°F for 1/2 hour. Remove from oven. Let cool

and chill in marinade in refrigerator. Drain. Serve on lettuce with wedges of lemon. Accompany with Sour Cream Dressing.

Sour Cream Dressing

Combine and chill 1/2 cup dairy sour cream, 1/4 cup mayonnaise, 1/2 tablespoon dried onion, 1/4 teaspoon dill seed and 1/4 teaspoon salt.

SUGAR

FROM P. 1

festivities will be the ever-popular flea market. Anyone wishing to sell their handcrafts, baked goods or white elephant articles are urged to purchase space in the flea market. The tables are going quickly for the nominal fee of \$5.00 which is payable at the Municipal Office.

To continue the festival spirit a dance will be held at the Center Saturday evening. It is sponsored by the Wilberforce Curling Club with all profits turned back to the festival weekend and the arena fund.

Officials say everyone's welcome so come join in the fun and fellowship... your presence will help build that much-needed new arena.

Youth charged after car leaves road

A Minden area youth faces two charges following a single vehicle accident last Tuesday evening.

Kenneth Walker, 16, of Minden was driving west on the Scotch Line Road at about 9:30 Tuesday, March 29 when his car entered the south ditch and struck a tree. His 1973 car sustained some \$500. damage while he escaped unharmed. As a result of the accident Walker has been charged with operating an unsafe vehicle and with failing to wear a seat belt assembly.

Investigating officer if Provincial Constable Boyd Jarvis.

Another single vehicle accident last Saturday evening has resulted in no injuries but some \$300 damage to the 1976 car.

Fifty-year old Haliburton resident John Mark Schell was southbound on Highway 519, just north of Haliburton, during a rain and fog storm Saturday evening when he lost sight of the road and entered the west ditch, striking several rocks.

Schell was not hurt and there were no charges laid by investigating officer Provincial Constable Bob Pearson.

About the Town

with Jeanne Sears

Spring must be here, with project of starting a Horticultural Society and now the litter boxes are back at various places on Main Street. Now YOU have a chance to help keep Minden Streets clean by using these boxes.

Mr. and Mrs. Keith Hughes spent the weekend visiting Mr. and Mrs. Bob Robinson of Granby Quebec.

The "April Fool" sits smugly in the driver's seat ignoring warning signs and expecting nothing out of the ordinary to happen. He's really a fool for all seasons, says the Ontario Safety League. The wise driver is constantly checking everything, everywhere and expecting anything - no matter how unusual - to happen.

Sincere sympathy goes to the families and friends of the late Florence Gill and John Hewitt who passed away recently.

At the monthly L.O.B.A. Card Party at the Orange Hall March 28th, winners were lone hands Trudy Coulter (on a cut) and Edna Trumbull, Annie Cox and Phil Robinson. After the games everyone enjoyed a social half hour and the delicious lunch was served by the ladies.

All their friends send good wishes to Mrs. Wallace Walker and Mrs. Cecil Burk at Ross Memorial and to Shirley and Jack Daniel who are just home from the hospital.

Congratulations to Mrs. Alvin McCracken who won the Jackpot of \$250. in 58 numbers called at last Thursday's Rotary Bingo.

Guests with Nellie and Harry MacMinn is Mrs. E. Richardson of Oshawa.

We wonder why Haliburton and Minden can not get together on dates as both Figure Skating Clubs had their shwo at nearly the same time on Sunday afternoon. Perhaps there are people in both villages who would like to see both of these carnivals. The Chamber of Commerce might be the place to get dates so that these won't conflict.

Leitha and Jack Grexton are away on a holiday they visited Sgt. and Mrs. Claude Schrader and Stephen at Weitenung, Germany and planned to visit Minden Germany. They enjoyed a 6-day tour of Switzerland and will be in Netherlands, Easter week.

At the weekly Mini Card Party at the Parish Hall last Thurs. afternoon winners were for bridge Florence Cooper for cribbage Anne Dawson and Fred Wright; for euchre lone hands Lilian Davidson and Mae MacArthur and May Wright. The next card party will be Wed. April 13th at the usual time, see you then.

The wonder of the springtime
Is too glorious for words
You must listen and you'll hear it;
In the springtime song of birds.
You will see it in the blossoms,
Of every bush and flower,
In your heart it will be singing;
Every springtime hour.
Fragrant perfume will be wafted
On every balmy breeze,
And you'll know it by the humming,
Of the busy little bees.
There's happiness all about us
Such dreams this joy imparts,
That we know God's in His Heaven,
When there's springtime in our hearts.
Vera Hardman

Winner of the 50-50 draw at the skating carnival Sunday afternoon was David Nokes of Peterborough.

Cold winds still around but ice on lakes not all gone yet; cold winds still around but ice on lakes is not all gone yet; roads are bumpy as the frost comes out so take care.

Cheerio until next time.

**THE CORPORATION OF
TOWNSHIP OF LUTTERWORTH**

IN THE MATTER OF THE MUNICIPAL ACT;
and
IN THE MATTER OF a proposed By-Law of the Corporation of the Township of Lutterworth to stop up, close and convey part of the original allowance for road between Lot 21, Concession "A", Lutterworth, and Lot 21, Concession "A" Snowdon.

NOTICE IS HEREBY GIVEN, pursuant to Section 443 of The Municipal Act, R.S.O. 1970, as amended, that the Council of the Corporation of the Township of Lutterworth proposes to consider and if deemed advisable to pass at its regular meeting to be held at the Council Chambers on Highway No. 35, 3 miles south of Minden, on Tuesday, May 17th, 1977, at 10:00 a.m., a by-law to stop up, close and convey the following:-

ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Township of Lutterworth, in the Provisional County of Haliburton, and being composed of part of the original allowance for road between Lot 21, Concession "A", Township of Lutterworth, and Lot 21, Concession "A", Township of Snowdon, more particularly described as follows:-

COMMENCING at a point on the easterly boundary of Part 2, Plan 19R-370, being a part of King's Highway No. 121, distant South 58 degrees 44 minutes 20 seconds East, 354.97 feet from the North East corner of Lot 21, Concession "A", Township of Lutterworth;

THENCE South 74 degrees 54 minutes 30 seconds East, 33.20 feet to a rock post;

THENCE South 55 degrees 35 minutes West, 291.78 feet to an iron bar;

THENCE South 20 degrees 12 minutes East, 102.81 feet to a point;

THENCE North 69 degrees 48 minutes East, 33.0 feet to a point;

THENCE North 20 degrees 12 minutes West, 113.33 feet to a point;

THENCE North 55 degrees 35 minutes West, 307.92 feet to a point;

THENCE North 74 degrees 54 minutes 30 seconds West, 83.34 feet to a point;

THENCE South 38 degrees 21 minutes 30 seconds West, 55.42 feet to the place of beginning.

BEING outlined in red and labelled as Part 2 on a plan of survey by H. C. Bishop, O.L.S., dated 21 January, 1977, a copy of which is attached to the proposed by-law.

AND TAKE FURTHER NOTICE that before passing the said By-law at its meeting to be held at the time and place above-mentioned, the Council of the Corporation of the Township of Lutterworth shall then and there hear in person or by his or her Counsel, Solicitor or Agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at the Township of Lutterworth this 28th day of March, 1977.

Mrs. B. A. Millar,
Clerk-Treasurer,
P.O. Box 176,
Minden, Ontario.

SPORTS

Kevin Warburton scores short handed 3-2 victory

A crowd of some 300 people were treated to a thrilling hockey match between Fenelon Falls and the Minden's Yake Electric/Red & White Atoms on Saturday afternoon. With 2:15 left in the third period, and the score 2-1 in Minden's favor, they ran into two penalties on the same play. At 1:14 Fenelon tied the game at 2-2 by Dan Webster from Paul Young, and our boys still had to kill another minute on the second penalty. However, with Scotty Yake winning a face-off deep in Minden's end, our Atoms started out

of their zone. Scotty passed the puck to Scotty Hamilton who shot it into the Fenelon zone where Kevin Warburton took after the puck, beat the defence, circled the Fenelon goal passed in front and in it went off a Fenelon defencemen and that was the game. Minden now holds a 2-1 lead in the best three out of five series, with the next game Monday evening in Fenelon.

Minden opened the scoring in the second period on a goal by Kevin Warburton on a beautiful three way passing play with Scotty Yake and Jeff Stamp

at 4:20. Less than two minutes later, Fenelon's Steve Bryant scored from Brian Carpenter to tie the contest at 1-1.

At 10:12 of the third Scotty Yake made it 2-1 on passes from Scotty Hamilton and Kevin Warburton. This team then led to the exciting finish leading to Kevin's

winning goal.

Special mention goes to Scotty Denelko and Kevin Forbes who were spectacular in the Minden net. Special mention also goes to the Fenelon netminder, who, if not red-hot in the first and second period, Minden would not have needed their last minute heroics.

Ed Selinski wins Wilberforce Bonspiel

On Friday and Saturday at the Wilberforce Curling Club, Ed Selinski of Bancroft won the Keith Cameron Trophy as winner of the 1st Annual Men's Invitational Bonspiel.

Twelve teams took part in the bonspiel from Wilberforce, Bancroft, Fenelon Falls, and Minden. Each

team curled three games to accumulate points towards the Championship.

Winning merchandise prizes as runners-up were Tony Berning of Wilberforce, third Bruce Switzer of Fenelon Falls and fourth Chester Selinski of Bancroft.

Advertising helps you to know.

Alton's beat Home 3-0: win Championship

An understaffed Alton Movers team defeated Home Hardware 3-0 last week to capture the Minden Broomball championship for the fourth year in a row.

Alton's won the series two games straight follow-

ing their earlier 4-0 triumph.

Alton's opened the scoring early in the second frame after a scoreless first period with Randy Anderson and Paul Fleming figuring in the first goal. Minutes later

Midgets take 3-2 lead in Championship

The Minden Tri County Cannington players however Midgets came up with a fine team effort on Thursday evening at the Centre to down Cannington 5-1 in their best four out of seven Championship Play-off series. The victory gave Minden the series lead 3-2, with the six game slated for Cannington on Saturday at 2 p.m.

Minden got on the scoreboard at 2:40 of the first period when Ed Williams

rushed into the corner his defensive position, fired the puck in front of the net and it caromed in off a Cannington players skate. Kirk Bull drew an assist on the play. Minden went up 2-0 with :38 seconds left in the second period, Al Clement cashing a rebound off Rex Anderson's drive. Al Northy also picked up an assist.

The third period was an action filled period, with Minden scoring three times to Cannington's one and 44 minutes in penalties handed out by the officials.

Bruce Neill cut the Minden lead to 2-1 with a blistering slapshot through a

screen that goalie Keith Harrison had no chance on. Then the chippiness entered the game with Cannington assessed two misconduct penalties plus 12 minutes in minors. Minden picked up 8 minutes in penalties. The rambunctious

The fourth game in this series was played in Fenelon last Sunday evening and Fenelon tied the series at 2-2, with a 6-3 victory. Grant Porter scored twice in a losing cause for Minden while Ed Williams picked up the third goal.

Atoms rebound to win 4-1

Minden's Yake Electric/Red & White Atoms reversed an earlier 3-1 defeat at the hands of Fenelon Falls in their Play-off Championship Final opener, by completely dominating their visitors at the Centre Thursday evening in posting a 4-1 win. This ties the best three out of five series at 1-1 with the third game at the Centre at 2 p.m. on Saturday afternoon.

Kevin Warburton opened the scoring at 5:31 of the first period, cashing at Greg Newell shot from the point. Scotty Yake also assisted. At 9:06 of the second period, Scotty Hamilton scored, finishing off a great three way passing play from Scotty Yake and Greg Newell.

At 12:35 of the third Brian Carpenter halved the Minden lead to 2-1. Minden restored their 2-goal lead at 6:09 when Jeff Stamp broke in and scored after taking a pass from Scotty Yake. Scotty then scored one of the prettiest goals of the year just over a minute later, taking a pass from Jeff at the redline, outmaneuvered three Fenelon players and flipped the puck over a sprawling Fenelon netminder. Doug Schell also drew an assist.

Preserved

Alive...? Alas, no. These two beautiful hawks, a Goshawk, left, and a Red Tail Hawk, each met their death when they hit hydro wires while swooping down on prey. The Goshawk was found in the snow outside the Lake Kashagawigamog home of Progress editor-publisher Bill

Footo just moments after it plunged dead from the sky. Badly bruised by the hydro wire, it died suddenly of an embolism caused by the bruise. Hydro wires near Tory Hill claimed the life of the Red Tail which died instantly of a broken neck. Rare and beautiful, the two hawks

have now been preserved for many years beyond a hawk's normal lifespan by Wilberforce Legge, taxidermist Don Legge, shown above with the two hawks. On the wall behind him are local Lake Trout Mr. Legge has similarly preserved.

Ban campfires April 1 in Northwestern Ontario

All campfires will be banned in Northwestern Ontario beginning April 1 as the latest move to combat one of the earliest and potentially worst forest fire seasons in provincial history. "As of Friday, the area roughly west from Lake Nipigon to the Manitoba border will be declared a restricted fire zone," Natural Resources Minister Frank Miller said today.

Restricted fire zone legislation specifically prohibits all open fires "for the purpose of cooking or obtaining warmth except in a portable stove or charcoal installation." Gasoline stoves and barbecues are permitted.

Under the Forest Fires Prevention Act, the public must obtain fire permits from the Ministry of Natural Resources for other types of burning between April 1 and October 31, the official fire season.

Fire permits will be issued only in situations where the Ministry feels burning is the best method of eliminating a fire hazard. Burning in municipal dumps will be permitted under close supervision, Mr. Miller said.

"I know these are tough measures coming at an unprecedented early stage in the game, but the drought in the Northwest has created an extremely hazardous situation," the Minister said.

Failure to comply with restricted fire zone legislation can result in a \$1,000 fine, three months in jail and financial responsibility for any costs incurred in fighting a forest fire caused by an illegal act.

Last year, a record 3,983 forest fires—half of them in Northwestern Ontario—burned over more than

1,290,500 acres and cost the province more than \$35 million, not including \$1.5 million in private property damage and substantial timber losses. Many of those fires cost tens of thousands of dollars to extinguish.

Light rainfall in recent weeks and current sub-zero day-time temperatures in the Northwest have knocked out only a few of the more than 60 winter fires burning as deep as 10 feet into the drought-dry forest floor.

The 20-month-long drought has created abnormally dry conditions in an area west from Lake Nipigon and the Nipigon River to the Manitoba border.

Other areas being watched include a 75-mile-wide belt

straddling a line between Sault Ste. Marie and Sudbury and a strip of forest land starting in the Manitowadge-Hearst area running northeast to Hudson Bay.

In addition to fire restrictions and beefed-up revention program, the Ministry will be moving special teams, equipment and 250 extra trained firefighters from other parts of the province into the Northwest by mid-April, Mr. Miller said.

The Minister emphasized that the key to preventing most forest fires is still a concerned public being extremely cautious in the bush and immediately reporting any new outbreaks to the nearest Ministry of Natural Resources office.

Electrical appliances to be energy efficient

In a North American first, Energy efficiency will soon be designed into all major electrical appliances sold in Ontario as the result of a recent agreement involving government, Ontario Hydro and appliance manufactO

and appliance manufacturers on the application of energy efficiency standards.

Such a standard has already been approved for 40 and 60-gallon electric water heaters and it will become law on June 1. This means that water heaters for sale in these sizes in Ontario must meet mini-

mum insulation standards or they will be withdrawn from the market.

The program is geared to making the heavier energy-using appliances more efficient as soon as possible, says officials who point out that there is a 20 per cent energy saving possible through a wide range of electrical appliances and the industry will be aiming to realize those savings, it is hoped by 1980 at the latest.

Insurance rates top complaints to A.I.B.

OTTAWA-Premium rates for auto, home and other casualty insurance have been, for the fifth consecutive month, the largest single topic of complaints received by the Anti-Inflation Board. The AIB reported last month that they accounted for 27.1 per cent of the 643 complaints recorded in the two-week period ended February 28. In the 17 months of the anti-inflation program, the Borad has received 6,508 insurance complaints and 72 per cent of these have originated in Ontario and Quebec.

Although food prices have been relatively stable during the last 18 months, the AIB has received a total of 6,459 complaints about food prices of which 165 were registered in the two

weeks to February 28. Beverages and fresh produce were the major sources of concern.

Since the start of the program, there have also been 2,877 complaints about charges for personal services, 1,643 about costs of utilities, 2,824 about rates for government services and just over 4,000 in other major categories such as durable goods, fuel and rent.

Since the beginning of the program the Board has recorded 29,774 complaints with the majority coming from Ontario 11,266, (37.8 per cent); the Prairies 5,941 (20.0 per cent); Quebec 5,541 (18.4 per cent); British Columbia 4,690 (15.8 per cent) and the Atlantic Provinces 2,143 (7.2 per cent).

Skate-a-thon raises \$3,230.41

Some 14 organizations from as far away as Bancroft and Bicroft combined with the Minden Rotary Club to raise \$3,230.41 in last Friday's Rotary Skate-a-thon at the Minden Arena.

Of this amount, students from Archie Stouffer Public School accounted for more than 50 per cent, a whopping \$1,616. The 200 youngsters strong Minden Minor Hockey skated for \$79.01 while Hyland Crest Senior Citizens, including 104-year-old Mrs. Caroline Peirce,

oldest participant in the Skate-a-thon, raised \$100...

Each of the 14 groups participating split the total amount of money raised on a 50/50 basis with the Minden Rotary Club, raising some \$1,658 for Rotary community work. The list of participants including Minden Rotary skaters, and the monies raised are:

Minden Figure Skating Club	\$52.10
Minden Minor Hockey	\$79.01
Red Cross Society	\$53.20
Haliburton Secondary School Band	\$68.40
Boy Scouts of Minden	\$281.25
Brownies	\$17.20

ONTARIO ELECTRICAL LEAGUE

VICTORIA - HALIBURTON CHAPTER

Good Neighbour Sam

He's the guy who knows how to fix that leaky faucet or replace the screen door on the front porch. Give him half a chance and he'll be delighted to fiddle with the sticky carburetor on your new outboard motor. Sam knows a lot about a lot of things and everyone says he's the man to see when things need doing.

If you're planning some electrical work, for goodness sake don't ask Sam. Electrical wiring is a job for the experts. Ask an experienced electrical contractor to install the wiring or appliances you have in mind - an expert with years of practical experience. Your electrical contractor knows just how the installation should be made for your safety and satisfaction - after all it's his only business. Your contractor will also arrange to have the installation checked by an Ontario Hydro Inspector. You'll have a certificate to prove that the job is perfectly safe and in agreement with the Ontario Electrical Code.

Don't ask Sam. What Sam doesn't know about electricity could be dangerous for you.....and Sam as well.

Care suggested in seeking car repairs

Figures recently tabulated by the Ministry of Consumer and Commercial Relations show that car repair complaints are second highest of all motor vehicle complaints. Mechanical complaints head the list.

Although most service outlets operate honestly and effectively, some do take advantage of the uninformed consumer.

With these facts in mind the consumer should take certain precautions when dealing with car repair facilities.

The car owner should:

1. Review the car warranty carefully to see if it still applies. Determine who pays for what.
2. Check the owner's manual. The solution to the problem may be right there.
3. Be as specific as possible

when describing the problem to service personnel. Don't be afraid to ask questions.

4. Never sign a blank work order. Ask for a written cost estimate before authorizing major repairs and specify that the cost should not exceed this amount. Be sure you receive a copy of the work order.

5. Get full details on repair work warranties. For instance, ask if a 50/50 warranty applies to both parts and labour. Find out if there is a restriction on where repairs are to be done.

Consumers who feel they have been misled or deceived may seek redress through The Business Practices Act or The Motor Vehicle Dealers' Act.

The Business Practices Act

outlines a number of conditions that comprise false, misleading or deceptive consumer representations. For example, it forbids a representation that a service, part, replacement or repair is needed, if it is not; or a representation

that the goods are new or unused if they are not.

The Act also defines as unconscionable any misleading statement of opinion upon which the consumer is likely to rely to his or her detriment.

Southern Ontario pickerel scarce — not endangered

Pickerel are scarce in some Southern Ontario lakes but are by no means an endangered species, according to Ken Irizawa, executive director of the Ministry of Natural Resources Division of Fish and Wildlife.

"The fact is some lakes are no longer suitable for the production of pickerel, and this puts an entirely different slant on the matter," Mr. Irizawa said.

Restrictive legislation aimed primarily at reducing the pickerel harvest, will not, according to Irizawa, perpetuate species in unsuitable habitat where the limiting

factors include siltation, fluctuating water levels, deteriorating water quality, and dissolved oxygen deficiencies due to water enrichment.

"One of the dangers in establishing restrictive legislation is that people tend to sit back complacently and assume that the necessary corrective measures have been taken. Nothing could be further from the truth. Normally, aquatic habitat deteriorates slowly — but the cure is equally lengthy and will involve all users of the lake," he said.

Healing Substance: Shrinks Piles

Exclusive healing substance proven to shrink hemorrhoids and repair damaged tissue.

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissue.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most important of all—results were so thorough that this improvement was maintained over a period of many months.

All this was accomplished with a healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue.

Now Bio-Dyne is offered in ointment and suppository form called Preparation H. Ask for it at all drug stores. Satisfaction or your money refunded.

Preparation H

Highlands fish a contest winner

Wilberforce angler and taxidermist Don Legge holds this Big Fish Honour Award presented to him by Molson's Brewery and the Ontario Federation of Anglers and Hunters for his 15th place entry in their last year's Big Fish Contest. Don caught his award-winning 4 lb. 8 oz. Speckled Trout just outside his cottage door on nearby East Lake. With his wife Lois, Don operates a Wilberforce restaurant. A taxidermist by trade he had hoped to preserve and mount his winning fish. Unfortunately a neighbor's hungry dog beat him to it while the fish was drying in his shop. But Don will get his chance at mounting a big fish next month...a 51 pound Lake Trout caught in Lynn Lake on the Saskatchewan-North-West Territories border by an angler who had heard of Don's work through a Progress article by reporter Cliff Burke last year. The fish, incidentally, was so big the hole in the ice had to be enlarged with a chain saw before the fish could be hauled to safety.

FOR OUT OF THIS WORLD RESULTS

To check an electric cord: disconnect it, then pull the length of the cord around your finger, watching for cracks, worn spots or a point where it bends too easily, indicating a broken wire.

The motorcycle rider and his passenger amused the shoppers as they drove by. It was the passenger that drew the smiles. He could not have been more than four years old and he looked so cute sitting astride the gas tank in front of his dad. The child was even wearing a helmet, in accordance with Ontario law.

Cute, perhaps. But also deadly!

Forty-seven of the motorcycle passengers injured in accidents in 1975 were under fifteen years of age. Four of those were four years old and under. The sixteen motorcycle passengers killed in Ontario that same year included an eleven year old and a six year old child.

Such deaths and injuries are intolerable. While the motorcycle industry and safety authorities strive to promote a more responsible rider, the unthinking, irresponsible actions of a few become a blot on the record of not only their fellow bikers, but on the society which permits such actions.

What type of mentality allows a mere child to ride passenger on an unprotected, three or four hundred pound, powerful machine that is recognized as a high-risk vehicle?

In the opinion of the Ontario Safety League, these tragic deaths and injuries warrant investigation by law-makers with the view to regulating the age of motorcycle passengers.

Healing Substance: Shrinks Piles

Exclusive healing substance proven to shrink hemorrhoids and repair damaged tissue.

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissue.
